Hiring Manager
TOPPAN NEXT TECH PTE. LTD.
Subject: Application for Software Developer (1-Year Contract) Role
Respected Hiring Manager,

I am excited to apply for the **Software Developer (1-Year Contract)** position at **TOPPAN NEXT TECH PTE. LTD.** With a strong foundation in **Python Full Stack Development** and hands-on experience delivering client-focused solutions, I bring expertise in **Python, Django, React.js, Next.js, MySQL, WebSockets, and Linux OS**. My ability to communicate fluently in English, both spoken and written, has enabled me to collaborate directly with international clients to gather requirements and deliver successful projects.

Real-Time Projects

- **Seven Stars Stationery E-Commerce Platform (Qatar)**
  Built with **Next.js frontend and Django backend**, deployed on a **Linux VPS**. Features included product management, cart & checkout with online payments, automated invoices, email notifications, and SEO optimization. I directly engaged with clients to refine requirements and provide updates, ensuring smooth delivery.

- **Indiguard Security Services Website (UK)**
  Developed with **React.js and Django**, featuring dynamic service modules, secure contact workflows, admin dashboards, and responsive UI. Frontend deployed on **Vercel** and backend on **Render**. I collaborated with clients in English to align technical solutions with their business needs.

Academic Projects

- **People Safety and Crime Reporting System**
  Designed a platform for real-time crime reporting with **WebSocket-based live chat & notifications**, **Map API integration**, and SOS emergency alerts. Admins can define high-risk zones and manage reports securely via a **Django-MySQL backend**.

- **Smart Cafeteria Management System**
  Built with **Flask and SQLite**, featuring user authentication, menu & order management, nutritional tracking, and responsive UI for cafeteria operations.

In addition to these projects, I hold a **Full Stack Python Development certification from IBM (SLA Institute, Chennai)**, which has further strengthened my ability to design and deploy scalable applications.

I am passionate about building innovative, real-world solutions and eager to contribute my skills to **TOPPAN NEXT TECH PTE. LTD.** during this contract. I would welcome the opportunity to discuss how my technical expertise and project experience align with your team's needs.

Thank you for your time and consideration.

Sincerely,
Sridhar M
